

## Civic Minor in Urban Youth and Communities

### Catalog Copy

The minor in Urban Youth and Communities is an interdisciplinary program focused on civic engagement and service learning designed to prepare UNC Charlotte students to become informed and engaged citizens by providing students an opportunity to be agents of change in their community. The minor is open to all majors who seek to explore the strengths, capabilities, and issues of youth and communities in urban settings. Elective courses are concentrated in the areas of Urban Youth and Education, Communities, and Society.

### Admission and Program Requirements

No minimum GPA is required. No course prerequisite is required for admission but some elective courses may have prerequisites. In courses applied to the minor, students must maintain a GPA of 2.0 or higher.

The minor in Youth and Communities is open to all majors. The minor is relatively flexible and can be declared at any time as long as the required 15 hours of coursework, including the capstone course, CUYC 3600, can be completed in time for graduation. There is one introductory required course, CTCM 2530 Citizenship, for all majors. Education majors are also required to take EDUC 3200. This minor will require a capstone project (CUYC 3600) to be completed after all other minor requirements have been completed or with enrollment in required courses simultaneously with enrollment in the capstone course.
